

MUSEUMS AUSTRALIA (NSW) QUICK TURNAROUND BURSARIES

Applications close: 25 March 2011

The NSW Branch of Museums Australia is making available bursaries for the symposium, *Place, Space & Identity: New Directions of NSW Museums*, 18-19 April at Macquarie University. The symposium runs parallel with consultations being undertaken by Arts NSW to develop a new strategic plan for the visual arts and museum sectors in NSW.

The bursaries have been made possible with financial support from the Powerhouse Museum and Arts NSW are available to full-time, part-time and unpaid workers (volunteers) from regional museums, galleries and keeping places outside Sydney.

The applicant must submit all details required on the application form including an explanation of their need for assistance, a plan to share their experience with others in their institution or region, and a budget for attendance at the conference.

Other possible sources of financial support include Museums and Galleries NSW Leg-up Grants (download form from http://mgsw.org.au/grants/museum_grants/). Delegates could also look into funds available from their employer and their eligibility to claim symposium expenses as an income tax deduction.

Please complete the application details on the following pages and return the form to MANSW Executive Officer by 25 March 2011. Applications may be sent by email or post. Successful applicants receive email notifications by 29 March 2011.

If successful, bursary holders are expected to provide a report about your experience to the NSW Branch Committee by 31 May 2011.

Further details about the symposium are available at
